# \$60,000 GRAND REDEMPTION RACE

Players can earn a cash payout by cashing out hours played in the poker room. Players who choose to cash out their hours played for the prize will have hours deducted to collect the prize. Remaining hours left will carry over and can be used for another prize cash out.

Players can cash out multiple times, but they cannot get the same payout twice.

When the \$60,000 pool reaches zero, no more prizes will be awarded.
